SINCE
1989

We're a family firm that has been producing high quality bespoke joinery since 1989. From our humble beginnings we have grown to a fantastic team of over 100 staff.

We have a commitment to quality and style combining traditional craftsmanship with new technology, shown by our investment in 6 state-of-the-art CNC routers.

Our HQ is a 50,000 sq ft facility in Stockbridge, Hampshire and we also operate out of a 20,000 sq ft factory in Yeovil, Somerset, totalling over 70,000 sq ft of space.
